Kind Attn : Mr Jason Khoo

Dear Sir,

Being in the profession of interior designers, we believe in providing the most up to date features in home decorating, introducing innovative products and most of all the service to suffice the demanding needs of our customers.

As designer's we associate ourselves with many suppliers providing good quality products to our clients and the one with the most encouraging response is the Centralised Built-In Vacuum Systems. K B Bandaraya P Pinang, the supplier of the STREAM Central Vacuum System have approached us and we have incorporated this system in many of our projects.

From the numerous projects done, we have found them to be very professional in their work and from the good response and feedback from all our customers it prompted us to install a Central Vacuum System in our home.

Having used the system for almost 3 years now, we have found it to be reliable and have no regrets as it is of great value and it is our recommendation for every home to have one.

Yours sincerely

UNIPLAN INTERIORS (M) SDN BHD
